We provide an elite personal file matching service, that can help you find the right firm, confidentially and securely. We offer a marketplace where firms that are looking or offering their interests and MMF will escort the relationship to complete the match. All the firms have been carefully vetted to ensure the 100% satisfaction in your new relationship or acquisition.

## About us

Match My File is an independent network portal for Law firms to match up with their needs and requirements. MMF allows Law firms to offer their proposals or requests in the MMF marketplace under an undisclosed name. This allows a business to reach out to a number of law firms that have shown interest in either offering or purchasing files or business, without disclosure.

MMF developers have been in the market introducing various legal products and business support to firms directly and through recommendation. The services have been provided with upmost confidentiality and due diligence.

Once all parties are interested in exchanging details MMF will introduce the parties and provide the support if required.

- We will arrange a private confidential conversation with one of our consultants to discuss your requirements
- The information you provide will be approved and disclosed into the marketplace without your contact details and any other company details
- An experienced team member will perform the checks and due diligence with all genuine enquiries that have come through the marketplace listing
- MMF can assist both parties at various stages of the deal

MMF will ensure the best outcome is achieved.

Post Jackson the Personal Injury sector has been rocky and uncertain

### How can we help

WIP sale can vary greatly depending on an upfront or deferred deal. If a law firm wishes to exit the PI market but still have other departments, a deferred payment has a better return on the WIP sale for a seller.

Upfront can also be considered however fee amount is lower as further due diligence and risk assessment is required.

### Types of Personal Injury Files

Deals need to be processed around your requirements of personal injury work including:

- Road Traffic Accidents
- Credit Hire
- Public and Employers Liability Claims
- Clinical-Medical Negligence
- Criminal Injuries
- Multi track and Catastrophic Injuries
- MOJ Portal - Streamlined Process Claims
- Issued and Non-Issued Claims

We have consultants that will help sort your WIP which will cover all business and regulatory requirements including:

- Client notification and physical file transfer
- Disbursement status
- Transfer of After the Event (ATE) insurance and CFA
- Ongoing Professional Indemnity Insurance (PII)
